

1. Tobacco Use Variables for PATH Adult Data (Wave 3)

This dictionary includes variables of cigarettes and e-cigarettes (e-products) use that can be used for empirical and Markov transition analyses.

Note about missing values for all indicators: In PATH, many of the questions depend on the ability to classify individuals by tobacco product use status, any respondents who are unable (“Don’t Know”) or unwilling (“Refused”) to provide an answer or requested their data to be removed should be excluded from the calculation of the indicators below.

UMp1_W3_A_NVR_CIGS: Adults never smoker

Description: Adults who have never smoked cigarettes (even one or two puffs) in their entire lifetimes.

Numerator: Number of respondents who have never smoked cigarettes in their lifetimes

Denominator: Total number

Value	Unweighted frequency	%
0 = No	20,844	74.19
1 = Yes	7,247	25.75
Missing	17	0.06
Total	28,148	100.00

of respondents¹

This variable has 28,131 valid cases out of 28,148 total cases.

Missing values: See note about missing values for all indicators.

UMp1_W3_A_100cigs: Established cigarette smoker

Description: Adults who have smoked at least 100 or more cigarettes (5 packs or more) in their entire lifetimes.

Numerator: Number of respondents who have smoked ≥ 100 cigarettes in their lifetimes.

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
0 = No	13,732	48.78
1 = Yes	14,355	51.00
Missing	61	0.22
Total	28,148	100.00

This variable has 28,087 valid cases out of 28,148 total cases.

Missing values: See note about missing values for all indicators

UMp1_W3_A_cigs_30day: In the past 30 days, number of days smoked cigarettes

¹Those responses that are “not valid” are described for each indicator under “missing values”

Description: Number of days a respondent smoked cigarettes in the past 30 days

Numerator: Respondents who have ever smoked cigarettes and smoked cigarettes in the past 30 days

Denominator: Total number of respondents¹

- Mean: 8.66
- Median: 0.00
- Mode: 0
- Minimum: 0
- Maximum: 30
- Standard deviation: 13.18
- Never smoked or did not smoke in the past 30 days: 18,482
- Missing: 29

This variable has 28,119 valid cases out of 28,146 total cases

UMp1_W3_A_smkstat_1past30: Adult cigarette smoking status – smoked at least 1 day in the past 30 days

Description: Current use status (smoked cigarettes on at least 1 day in the past 30 days) among all respondents.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	7,247	25.75
2 = User who did not smoke in the past 30 days	11,221	39.86
3 = User who smoked under 1 day in the past 30 days	0	0.00
4 = User who smoked 1 or more days in the past 30 days	9,637	34.24
Missing	43	0.15
Total	28,148	100.00

This variable has 28,105 valid cases out of 28,148 total cases.

UMp1_W3_A_smkstat_5past30: Adult cigarette smoking status – smoked at least 5 days in the past 30 days

Description: Current use status (smoked cigarettes at least 5 days in the past 30 days) among all respondents.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	7,247	25.75
2 = User who did not smoke in the past 30 days	11,221	39.86

¹Those responses that are “not valid” are described for each indicator under “missing values”

3 = User who smoked under 5 days in the past 30 days	749	2.66
4 = User who smoked 5 or more days in the past 30 days	8,888	31.57
Missing	43	0.15
Total	28,148	100.00

This variable has 28,105 valid cases out of 28,148 total cases.

UMp1_W3_A_smkstat_10past30: Adult cigarette smoking status – smoked at least 10 days in the past 30 days

Description: Current use status (smoked cigarettes at least 10 days in the past 30 days) among all respondents.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	7,247	25.75
2 = User who did not smoke in the past 30 days	11,221	39.86
3 = User who smoked under 10 days in the past 30 days	1,215	4.32
4 = User who smoked 10 or more days in the past 30 days	8,422	29.92
Missing	43	0.15
Total	28,148	100.00

This variable has 28,105 valid cases out of 28,148 total cases.

UMp1_W3_A_smkstat_15past30: Adult cigarette smoking status – smoked at least 15 days in the past 30 days

Description: Current use status (smoked cigarettes at least 15 days in the past 30 days) among all respondents.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	7,247	25.75
2 = User who did not smoke in the past 30 days	11,221	39.86
3 = User who smoked under 15 days in the past 30 days	1,526	5.42
4 = User who smoked 15 or more days in the past 30 days	8,111	28.81
Missing	43	0.15
Total	28,148	100.00

This variable has 28,105 valid cases out of 28,148 total cases.

UMp1_W3_A_smkstat_20past30: Adult cigarette smoking status – smoked at least 20 days in the past 30 days

¹Those responses that are “not valid” are described for each indicator under “missing values”

Description: Current use status (smoked cigarettes at least 20 days in the past 30 days) among all respondents.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	7,247	25.75
2 = User who did not smoke in the past 30 days	11,221	39.86
3 = User who smoked under 20 days in the past 30 days	1,800	6.39
4 = User who smoked 20 or more days in the past 30 days	7,837	27.84
Missing	43	0.15
Total	28,148	100.00

This variable has 28,105 valid cases out of 28,148 total cases.

UMp1_W3_A_smkstat_25past30: Adult cigarette smoking status – smoked at least 25 days in the past 30 days

Description: Current use status (smoked cigarettes at least 25 days in the past 30 days) among all respondents.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	7,247	25.75
2 = User who did not smoke in the past 30 days	11,221	39.86
3 = User who smoked under 25 days in the past 30 days	2,093	7.43
4 = User who smoked 25 or more days in the past 30 days	7,544	26.80
Missing	43	0.15
Total	28,148	100.00

This variable has 28,105 valid cases out of 28,148 total cases.

UMp1_W3_A_smkstat_30past30: Adult cigarette smoking status – smoked at least 30 days in the past 30 days

Description: Current use status (smoked cigarettes at least 30 days in the past 30 days) among all respondents.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	7,247	25.75
2 = User who did not smoke in the past 30 days	11,221	39.86

¹Those responses that are “not valid” are described for each indicator under “missing values”

3 = User who smoked under 30 days in the past 30 days	2,281	8.10
4 = User who smoked 30 days in the past 30 days	7,356	26.13
Missing	43	0.15
Total	28,148	100.00

This variable has 28,105 valid cases out of 28,148 total cases.

UMp1_W3_A_smkstat_Reg_1past30: Adult cigarette smoking status – smoked at least 1 day in the past 30 days

Description: Current use status (smoked cigarettes on at least 1 day in the past 30 days) among all respondents who are established smokers (smoked \geq 100 cigarettes in their lifetimes).

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never established user	13,732	48.78
2 = Established user who did not smoke in the past 30 days	5,431	19.29
3 = Established user who smoked under 1 day in the past 30 days	0	0.00
4 = Established user who smoked 1 or more days in the past 30 days	8,907	31.64
Missing	78	0.27
Total	28,148	100.00

This variable has 28,070 valid cases out of 28,148 total cases.

UMp1_W3_A_smkstat_Reg_5past30: Adult cigarette smoking status – smoked at least 5 days in the past 30 days

Description: Current use status (smoked cigarettes on at least 5 days in the past 30 days) among all respondents who are established smokers (smoked \geq 100 cigarettes in their lifetimes).

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never established user	13,732	48.78
2 = Established user who did not smoke in the past 30 days	5,431	19.29
3 = Established user who smoked under 5 days in the past 30 days	465	1.65
4 = Established user who smoked 5 or more days in the past 30 days	8,442	29.99
Missing	78	0.27
Total	28,148	100.00

This variable has 28,070 valid cases out of 28,148 total cases.

¹Those responses that are “not valid” are described for each indicator under “missing values”

UMp1_W3_A_smkstat_Reg_10past30: Adult cigarette smoking status – smoked at least 10 days in the past 30 days

Description: Current use status (smoked cigarettes on at least 10 days in the past 30 days) among all respondents who are established smokers (smoked \geq 100 cigarettes in their lifetimes).

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

This variable has 28,128 valid cases out of 28,148 total cases.

UMp1_W3_A_smkstat_Reg_P30D: Adult established cigarette-smoking status - Past 30-day use

Description: Current cigarette use status among all respondents who are established smokers (smoked ≥ 100 cigarettes in their lifetimes).

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never established user	13,732	48.78
2 = Established non-current user	4,851	17.23
3 = Established current user	9,503	33.76
Missing	62	0.22
Total	28,148	100.00

This variable has 28,291 valid cases out of 28,148 total cases.

UMp1_W3_A_cig_Menthol: Regular / last brand of cigarettes smoked flavored to taste like menthol or mint

Description: Indicator for respondents whose regular / last brand of manufactured cigarettes or roll-your-own cigarette tobacco was flavored to taste like menthol or mint.

Numerator: Number of current and former established smokers whose regular / last brand of manufactured cigarettes or roll-your-own cigarette tobacco was flavored to taste like menthol or mint.

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
0 = No	6,605	23.46
1 = Yes	4,649	16.52
Missing	16,894	60.01
Total	28,148	100.00

This variable has 11,254 valid cases out of 28,148 total cases.

¹Those responses that are “not valid” are described for each indicator under “missing values”

2. E-products use variables for PATH Adult Data (Wave 3)

Note about missing values for all indicators: In PATH, many of the questions depend on the ability to classify individuals by tobacco product use status, any respondents who are unable (“Don’t Know”) or unwilling (“Refused”) to provide an answer or requested their data to be removed should be excluded from the calculation of the indicators below.

UMp1_W3_A_NVR_EPRODS: Adult never e-product user

Description: Respondents who have never used e-products in their lifetimes.

Numerator: Number of respondents who have never used e-products.

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
0 = No	13,335	47.37
1 = Yes	14,795	52.56
Missing	18	0.06
Total	28,148	100.00

This variable has 28,130 valid cases out of 28,148 total cases.

UMp1_W3_A_eprods_reg: Adult regular e-product user

Description: Respondents who have used e-products fairly regularly.

Numerator: Number of respondents who have used e-products fairly regularly

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
0 = No	23,948	85.08
1 = Yes	3,994	14.19
Missing	206	0.73
Total	28,148	100.00

This variable has 27,942 valid cases out of 28,148 total cases.

UMp1_W3_A_eprods_30day: In the past 30 days, number of days used e-products

Description: Number of days a respondent used e-products in the past 30 days

Numerator: Respondents who have used an e-product and have used e-products in the past 30 days

Denominator: Total number of respondents¹

- Mean: 1.29
- Median: 0.00
- Mode: 0

¹Those responses that are “not valid” are described for each indicator under “missing values”

- Minimum: 0
- Maximum: 30
- Standard deviation: 5.63
- Never used or did not use in the past 30 days: 25,852
- Missing: 54

This variable has 28,092 valid cases out of 28,146 total cases

UMp1_W3_A_eprodstat_1past30: Adult e-products use status – used at least 1 day in the past 30 days

Description: Current use status (used e-products at least 1 day in the past 30 days) among all respondents who were ever e-product users.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	14,795	52.56
2 = User who did not use in the past 30 days	11,043	39.23
3 = User who used under 1 day in the past 30 days	0	0.00
4 = User who used 1 or more days in the past 30 days	2,240	7.96
Missing	70	0.25
Total	28,148	100.00

This variable has 28,078 valid cases out of 28,148 total cases.

UMp1_W3_A_eprodstat_5past30: Adult e-products use status – used at least 5 days in the past 30 days

Description: Current use status (used e-products at least 5 days in the past 30 days) among all respondents who were ever e-product users.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	14,795	52.56
2 = User who did not use in the past 30 days	11,043	39.23
3 = User who used under 5 days in the past 30 days	658	2.34
4 = User who used 5 or more days in the past 30 days	1582	5.62
Missing	70	0.25
Total	28,148	100.00

This variable has 28,078 valid cases out of 28,148 total cases.

UMp1_W3_A_eprodstat_10past30: Adult e-products use status – used at least 10 days in the past 30 days

¹Those responses that are “not valid” are described for each indicator under “missing values”

Description: Current use status (used e-products at least 10 days in the past 30 days) among all respondents who were ever e-product users.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	14,795	52.56
2 = User who did not use in the past 30 days	11,043	39.23
3 = User who used under 10 days in the past 30 days	937	3.33
4 = User who used 10 or more days in the past 30 days	1,303	4.63
Missing	70	0.25
Total	28,148	100.00

This variable has 28,786 valid cases out of 28,148 total cases.

UMp1_W3_A_eprodstat_15past30: Adult e-products use status – used at least 15 days in the past 30 days

Description: Current use status (used e-products at least 15 days in the past 30 days) among all respondents who were ever e-product users.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	14,795	52.56
2 = User who did not use in the past 30 days	11,043	39.23
3 = User who used under 15 days in the past 30 days	1,094	3.89
4 = User who used 15 or more days in the past 30 days	1,146	4.07
Missing	70	0.25
Total	28,148	100.00

This variable has 28,078 valid cases out of 28,148 total cases.

UMp1_W3_A_eprodstat_20past30: Adult e-products use status – used at least 20 days in the past 30 days

Description: Current use status (used e-products at least 20 days in the past 30 days) among all respondents who were ever e-product users.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	14,795	52.56
2 = User who did not use in the past 30 days	11,043	39.23

Missing	208	0.74
Total	28,148	100.00

This variable has 27,940 valid cases out of 28,148 total cases.

UMp1_W3_A_eprodstat_P30D: Adult e-products use status - Past 30-day use

Description: Current use status (used e-products in the past 30 days) among all respondents who are e-product users.

¹Those responses that are “not valid” are described for each indicator under “missing values”

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	14,795	52.56
2 = Non-current user	9,528	33.85
3 = Current user	3,793	13.47
Missing	32	0.11
Total	28,148	100.00

This variable has 28,116 valid cases out of 28,148 total cases.

UMp1_W3_A_eprostat_Reg_P30D: Adult regular e-products use status - Past 30-day use

Description: Current use status (used e-products in the past 30 days) among all respondents who are ever regular e-product users.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never regular user	23,948	85.08
2 = Regular non-current user	2,001	7.11
3 = Regular current user	1,992	7.08
Missing	207	0.74
Total	28,148	100.00

This variable has 27,941 valid cases out of 28,148 total cases.

UMp1_W3_A_eprod_AnyFlvr: Regular / last brand of e-products used was flavored

Description: Indicator for respondents whose regular / last brand of e-products used was flavored to taste like menthol, mint, clove, spice, candy, fruit, chocolate, alcohol, or other sweets.

Numerator: Number of current and former regular e-product users whose regular / last brand of e-products was flavored.

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Yes	4,676	5.88
Missing	23,472	91.83
Total	28,148	100.00

This variable has 4,676 valid cases out of 28,148 total cases.

UMp1_W3_A_eprod_Menthol: Regular / last brand of e-products used was flavored to taste like menthol

¹Those responses that are “not valid” are described for each indicator under “missing values”

Description: Indicator for respondents whose regular / last brand of e-products used was flavored to taste like menthol or mint.

Numerator: Number of current and former regular e-product users whose regular / last brand of e-products was menthol or mint flavored

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
0 = No	3,684	13.1
1 = Yes	992	3.5
Missing	26,691	83.39
Total	28,148	100.00

This variable has 4,676 valid cases out of 28,148 total cases.

3. Cigarette and E-products Dual Use Variables for PATH Adult Data (Wave 3)

Note about missing values for all indicators: In PATH, many of the questions depend on the ability to classify individuals by tobacco product use status, any respondents who are unable (“Don’t Know”) or unwilling (“Refused”) to provide an answer or requested their data to be removed should be excluded from the calculation of the indicators below.

UMp1_W3_A_MultiUse_1past30: Adult cigarette and e-products use status – used at least 1 day in the past 30 days

Description: Current use status (used cigarettes/e-products at least 1 day in the past 30 days) among all respondents who have smoked cigarettes/used e-products in their lifetimes.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	6,060	21.53
2 = Non-current user	11,487	40.81
3 = Exclusive cigarette user under 1 day in the past 30 days	0	0.00
4 = Exclusive e-product user under 1 day in the past 30 days	0	0.00
5 = Exclusive cigarette user for 1 or more days in the past 30 days	8,257	29.33
6 = Exclusive e-product user for 1 or more days in the past 30 days	896	3.18
7 = Cigarette user under 1 day and e-product user under 1 day in the past 30 days	0	0.00
8 = Cigarette user under 1 day and e-product user for 1 or more days in the past 30 days	0	0.00
9 = Cigarette user for 1 or more days and e-product user under 1 day in the past 30 days	0	0.00

¹Those responses that are “not valid” are described for each indicator under “missing values”

10 = Cigarette user for 1 or more days and e-product user for 1 or more days in the past 30 days	1,341	4.76
Missing	107	0.38
Total	28,148	100.00

This variable has 28,041 valid cases out of 28,148 total cases.

UMp1_W3_A_MultiUse_5past30: Adult cigarette and e-products use status – used at least 5 days in the past 30 days

Description: Current use status (used cigarettes/e-products at least 5 days in the past 30 days) among all respondents who have smoked cigarettes/used e-products in their lifetimes.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
1 = Never user	6,060	21.53
2 = Non-current user	11,487	40.81
3 = Exclusive cigarette user under 5 day in the past 30 days	584	2.07
4 = Exclusive e-product user under 5 days in the past 30 days	218	0.77
5 = Exclusive cigarette user for 5 or more days in the past 30 days	7,673	27.26
6 = Exclusive e-product user for 5 or more days in the past 30 days	678	2.41
7 = Cigarette user under 5 days and e-product user under 5 days in the past 30 days	52	0.18
8 = Cigarette user under 5 days and e-product user for 5 or more days in the past 30 days	108	0.38
9 = Cigarette user for 5 or more days and e-product user under 5 days in the past 30 days	386	1.37
10 = Cigarette user for 5 or more days and e-product user for 5 or more days in the past 30 days	795	2.82
Missing	107	0.38
Total	28,148	100.00

This variable has 28,041 valid cases out of 28,148 total cases.

UMp1_W3_A_MultiUse_10past30: Adult cigarette and e-products use status – used at least 10 days in the past 30 days

Description: Current use status (used cigarettes/e-products at least 10 days in the past 30 days) among all respondents who have smoked cigarettes/used e-products in their lifetimes.

Numerator: Number of respondents who are [VALUE]

Denominator: Total number of respondents¹

Value	Unweighted frequency	%
-------	----------------------	---
