**Center for the
Assessment of Tobacco
Regulations
[CAStoR]**

Dr. Ben Apelberg will provide brief remarks on how tobacco modelers can make their work as valuable and practical as possible for tobacco regulatory authorities.

Mitch Zeller will provide commentary on Dr. Apelberg's remarks, and both speakers will then participate in a discussion.

Questions from the audience are welcomed and encouraged.

Thursday, May 30th, 3:00 - 4:00pm ET
