

## ***Systematic reviews and other types of evidence synthesis in tobacco regulatory science: a primer***

***with Dr. Jamie Hartmann-Boyce and Dr. Jonathan Livingstone-Banks***

*By the end of this session, participants will be able to:*

- Explain the purpose and value of evidence synthesis
- Identify different types of evidence synthesis and their relevance to different questions in tobacco regulatory science
- Identify a trustworthy systematic review or evidence synthesis product based on core review elements
- Plan next steps if they choose to undertake their own evidence synthesis

**This event will be held on Zoom on Thursday, March 20, 2025 from 10:30am - 12:00pm ET. To participate, please [register here](#) by Monday, March 17.**

***This event is open to CTP-funded individuals and their teams.***
